Responsibilities & Commitments

The Warriors Basketball program has lofty ambitions for what we want to achieve as a club. To achieve that however it is vital that all parts of the club understand their responsibilities. Here we list what is expected of our coaches.

Warriors Rep Coaches responsibilities / commitments

- Attend one team training session per week minimum
- Be punctual in attendance at both training and matches.
- Be ready to commence training at allocated time. This means arriving at the stadium with adequate time to set up training court and to conduct warm-ups and stretches, so teams are ready to commence training at scheduled times.
- To ensure all trainings are conducted in an organised planned and professional manner.
- To work alongside the basketball manager where he/she feels it necessary to either take training sessions or oversee them.
- Through these trainings sessions and your weekly games that the club's basketball program is implemented without fail.
- Ensure availability to attend ALL matches except in exceptional circumstances.
- Arrive at match venues at least 10 minutes beforehand their scheduled match start .
- Where you cannot attend training and/or matches coaches need to contact the Basketball Manager and arrange a fill-in coach.
- To attend all matches in proper Warriors attire before, during and after matches.
- Understand that where there are issues that these can be taken up in a proper manner through either the Basketball Manager, General Manager and/or a delegated committee person.
- That you need to read and understand the Basketball Victoria code of conduct for coaches available from our website and not engage in any behaviour that will bring the Warriors into disrepute.
- Check the Warriors playing calendar (available via our website) for the 2014-2015 summer season to ensure your availability throughout the season. In the event that you will be unavailable during any stages of the season we need to advise the Basketball Manager and the team's coach of this.
- That as a coach you have a full understanding of our competition by-laws and especially the development by-laws that in place for individual and team development.
- That as a coach you work with your fellow coaches and our referees to ensure that these by-laws are implemented fully and properly.
- That is a responsibility of each coach to contribute and to attend all fund-raising and social events organised by the club.
- That is also a responsibility of each coach to attend coaches meetings and coaching and training seminars conducted by the club.
- Finally I understand that as Warrior coaches are paid for each game they coach, that fines can and will be implemented for any breach of the above.

If all coaches within our program can meet these responsibilities and commitments, this will ensure our coaching program will operate in a smooth efficient, professional and productive manner. In achieving this it will allow the coaches to concentrate on the basketball objectives of their teams and the individuals within it in an unhindered manner. All of this will enable our teams to achieve the best results possible.

Please sign and return this document with your registration to indicate you have read and understood the commitments required.
